

ANNEX D

**SCHEDULE OF SPECIFIC COMMITMENTS
REPUBLIC OF TURKEY**

EXPLANATORY NOTES

1. The list of commitments below (hereinafter referred to as “this Schedule”) indicates the service sectors liberalized pursuant to Article 1.6 (Schedule of Specific Commitments), and, by means of reservations, the market access and national treatment limitations that apply to services and service suppliers of Korea in those sectors. This Schedule is composed of the following elements:

- (a) the first column indicates the sector or subsector in which the commitment is undertaken by Turkey, and the scope of liberalization to which the reservations apply;
- (b) the second column describes the applicable reservations to Article 1.4 (Market Access) in the sector or subsector indicated in the first column;
- (c) the third column describes the applicable reservations to Article 1.5 (National Treatment) in the sector or subsector indicated in the first column; and
- (d) the fourth column describes additional commitments on the measures affecting supply of services that are not subject to scheduling under Articles 1.4 (Market Access) and 1.5 (National Treatment).

Supply of services in sectors or subsectors covered by this Agreement and not mentioned in this Schedule is not committed.

2. Four different modes of supply are indicated in this Schedule. These shall be understood as follows:

- (a) The mode of supply “1) the cross-border supply” is understood as the supply of a service from the territory of Korea into the territory of Turkey, in accordance with subparagraph 2(a) of Article 1.1 (Objective and Scope).
- (b) The mode of supply “2) the consumption abroad” is understood as the supply of a service in the territory of Korea to a service consumer of Turkey, in accordance with subparagraph 2(b) of Article 1.1 (Objective and Scope).
- (c) The mode of supply “3) the commercial presence” is understood as the supply of a service through a commercial presence by a Korean service supplier in the territory of Turkey, in accordance with subparagraph 2(c) of Article 1.1 (Objective and Scope).

(d) The mode of supply “4) the presence of natural persons” is understood as the supply of a service through temporary presence in the territory of Turkey of Korean natural persons for the purpose of supplying services, in accordance with subparagraph 2(d).Article 1.1 (Objective and Scope).

3. Notwithstanding Article 1.4 (Market Access), non-discriminatory requirements as regards the types of legal form of a commercial presence do not need to be specified in this Schedule in order to be maintained or adopted by Turkey.

4. Turkey does not undertake any commitment on the entry and temporary stay of natural person categories not indicated in this schedule as well as key personnel, graduate trainees and business service sellers in economic activities which are not liberalized pursuant to Article 1.6 (Schedule of specific commitments).

Turkey’s commitments undertaken under the Annex A (Temporary Movement of Natural Persons for the Purpose of Supplying Services) on key personnel, graduate trainees and business service sellers do not apply in cases where the intent or effect of their temporary presence is to interfere with, or otherwise affect the outcome of, any labor/management dispute or negotiation.

Key personnel, graduate trainees and business service sellers whose entry and temporary stay are permitted shall observe the immigration and labor laws of Turkey.

5. In identifying individual sectors and sub-sectors, where specified, CPC means the Central Product Classification as set out in Statistical Office of the United Nations, Statistical Papers, Series M, No. 77, CPC Prov, 1991. A CPC code accompanied with double asterisks “**” indicate that "part of" the sector is covered.

The ordering of the service sectors, sub-sectors and activities in this Schedule reflects the Services Sectoral Classification List contained in the WTO document MTN.GNS/W/120, dated 10 July 1991.

6. This Schedule does not include measures relating to qualification requirements and procedures, technical standards and licensing requirements when they do not constitute a market access or a national treatment limitation within the meaning of Articles 1.4 (Market Access) and 1.5 (National Treatment). Those measures (e.g. need to obtain a license, universal service obligations, need to obtain recognition of qualifications in regulated sectors, and need to pass specific examinations, including language examinations and need to have a legal domicile in the territory where the economic activity is performed), even if not listed, apply in any case to services and service suppliers of Korea.

The conditions and criteria indicated in this schedule that are required for becoming a member to the related professional chambers do not limit market access or qualify national treatment limitations within the scope of Articles 1.4 (Market Access) and 1.5 (National Treatment).

7. In accordance with paragraph 5 of Article 1.1 (Objective and Scope), this Schedule does not include measures concerning subsidies or grants provided by Turkey, including government-supported loans, guarantees and insurance, or any conditions attached to the receipt of such subsidies or grants, whether or not such subsidies or grants are offered exclusively to domestic services, service consumers or service suppliers.

8. The rights and obligations arising from this Schedule shall have no self-executing effect and thus confer no rights directly on natural or juridical persons.
